

Wow Wild Learn (WWL) Programme **FAQ**

1. What is the rationale of having the programme?

- To engage and excite children in the learning of Chinese Language, to provide fun opportunities for parents to interact with their pre-school children in Mandarin and to equip pre-school CL teachers with relevant knowledge to conduct learning journey in River Safari, the Committee to Promote Chinese Language Learning (CPCLL) collaborates with Wildlife Reserves Singapore (WRS) to conduct the Wow Wild Learn (WWL) Programme.

3. How does the Teacher Training Workshop benefit the teachers? Would the training recognised by ECDA as CDP hours?

- Through the Teacher Training Workshop, teachers would learn the skills of conducting an engaging and effective Learning Journey to the River Safari. They will also learn how to utilise the Supplementary Readers to conduct interactive lessons and learn about designing a Lesson Plan for a Learning Journey. The training hours, which includes Professional Sharing and Briefing Session, are recognised by ECDA as CPD hours.

4. How does the WWL benefit the pre-schoolers?

- Through the WWL lessons, "I'm a Panda Keeper" In-Park programme and the Self-guided Learning Journey, pre-schoolers would be excited to learn Chinese Language in a fun and interesting environment. They will also get to learn about the characteristics and diet of Panda and bond with their parents in the Parent-child Activity.

5. Are all applicants given an opportunity to participate in WWL?

- The selection is based on a first-come, first-served basis. Priority would be given to first time applicants. The Committee reserves the right to make the final decision on the selection results.
